
HYDROWASH

Premium Car Detailing Studio

Protect. Restore. Enhance.

ABOUT US

Crafted for Perfection

HYDROWASH is a premium automotive detailing studio built on the principles of precision, protection, and an uncompromising commitment to excellence. Every vehicle that enters our studio receives a bespoke treatment plan, executed with professional-grade products sourced from the world's leading manufacturers.

Our team of certified detailing specialists combines years of expertise with cutting-edge technology to restore, protect, and enhance your vehicle's finish to showroom perfection. From nano-ceramic coatings to paint correction, we deliver results that speak for themselves.

We believe your car deserves more than a wash — it deserves a transformation. At HYDROWASH, luxury isn't just a promise. It's our standard.

FIND YOUR PERFECT COVERAGE

Whether you need protection for high-impact areas or your entire vehicle, we have a solution tailored to your needs.

PARTIAL COVERAGE

Protect high-impact areas

- ✓ Front bumper
- ✓ Partial hood
- ✓ Side mirrors

FULL FRONT COVERAGE

Maximum protection for the front

- ✓ Full front end (bumper, hood, fenders)
- ✓ Headlights
- ✓ Side mirrors

FULL VEHICLE COVERAGE

Complete protection for your entire car

- ✓ Entire exterior surface of the vehicle

What We Offer

Paint Protection Film

Self-healing thermoplastic urethane film that shields your vehicle from stone chips, scratches, and environmental damage while maintaining a flawless finish.

Ceramic Coating

Advanced nano-ceramic protection that bonds to your paint, creating a permanent hydrophobic layer with extreme gloss and durability lasting up to 5 years.

Interior Detailing

Complete interior rejuvenation including leather conditioning, fabric deep-cleaning, dashboard restoration, and odour elimination for a showroom-fresh cabin.

Exterior Detailing

Multi-stage exterior treatment combining clay bar decontamination, machine polishing, and sealant application for a mirror-like, protected finish.

Premium Washing

Hand-wash technique using pH-neutral foam, microfibre mitts, and purified water to safely lift contaminants without introducing swirl marks or micro-scratches.

More Expertise

Car Spa

A comprehensive full-body treatment combining interior and exterior detailing with steam cleaning, engine bay dressing, and premium wax protection.

Graphene Coating

Next-generation graphene-infused coating offering superior hardness, thermal resistance, and anti-static properties for the ultimate long-term paint protection.

Anti Rust Coating

Professional-grade anti-rust treatment that penetrates and seals vulnerable metal surfaces, providing long-lasting protection against corrosion and oxidation.

Headlight Restoration

Professional lens restoration that removes oxidation, yellowing, and haze to restore crystal-clear clarity and optimal nighttime illumination.

Alloy Treatment

Specialist alloy wheel restoration including deep cleaning, iron fallout removal, protective coating, and finishing to restore factory-fresh brilliance.
